About the Courses

A legal audit is a systematic, objective and impartial examination of the 'legal health' of an institution. A legal audit assesses and reports on the levels of legal compliance in an institution and the risks arising there from.

CUEA CPD is pleased to present unique opportunity for current and aspiring legal compliance auditors to interact with an experienced advocate, legal auditor and trainer in the person of Mr. Charles B G Ouma, guest speakers from state corporations as well as fellow professionals in this 5 day intensive seminar on legal compliance audits for state corporations.

Participants get a unique platform to explore the subject of Legal Compliance Audits from an experiential perspective, share their personal experiences, identify and debate emerging issues, challenge the conventional wisdom and generate pragmatic solutions in an atmosphere of robust peer review

Basic course, advanced level course and sensitization workshop

CUEA CPD has three versions of the Legal Compliance Audits Course; 'Sensitization', 'Basic' and 'Advanced'. The sensitization workshop is introductory and exploratory in nature. The Basic Seminar is a five day Seminar pretty much similar to the advanced seminar but the content is compressed to meet the exigencies of the practitioner who has challenges taking the 10 day advanced level course. The advance level seminar is a 10 day extensive course laden with hands-on-practical exercises and in-depth examination of compliance issues in cross-cutting operational areas such as public finance, public procurement, ICT, human resource management, administration, ethics and integrity and Board activities. This is the 'basic seminar'

¹ The conference venue is a high end hotel on the shores of Lake Naivasha easily accessible by public or private transport.
